2023 Business Membership Renewal

It's time to renew your annual membership in the New York State Vegetable Growers Association!

Your membership support is key to us providing useful information, working with other industry--- related organizations, co---sponsoring the NYS Vegetable Conference, representing your interests as well as tackling key issues of concern, and promotion of our industry and crops. Memberships are for individuals only, not for whole farms or businesses, for the calendar year of Jan. 1 to Dec. 31.

Additional contributions are gratefully accepted in any amount--- and we encourage you to give additional support to our general operations, the Fresh Market Vegetable Research Fund, and our government affairs.

With your Business Membership you will get the opportunity to have a 1/8 page ad in one of our Newsletters. We are also exploring the option of putting ads on our website, more details to follow.

Please return this entire form with your check as soon as possible. (Make Checks payable to "NYS Vegetable Growers Assoc.)
